The School

Los Gatos High School is a comprehensive public high school on the tip of Silicon Valley. The current enrollment is approximately 1,825 students. Nearly 31% of our students speak a language other than English and 16% were born outside the US. Our vision is for LGHS graduates to be: prepared to succeed in college, career and the global world; ethical and responsible leaders; creative and critical thinkers and innovators; global communicators and collaborators; and thriving and healthy people in mind, body and character. LGHS reflects the traditions, values and philosophies of its community and is proud of its robust course pathways, including honors and Advanced Placement as well as project-based, STEM-related classes. Students participate in over 100 academic, athletic and community service activities that annually raise over $100,000 for charities and non-profit organizations. Los Gatos High School is accredited by the Western Association of Schools and Colleges (WASC). In 2021, the LGSUHSD was named "the Best School District in California" by Newsweek. In 2026, Los Gatos High School was named a California Distinguished School and LGSUHSD achieved the only perfect score on the California School Dashboard.
